COOKIE POLICY

DEFINITIONS

Cookies are short strings of text that the sites visited by the user send to his terminal, usually to the browser, where they are stored before being re-transmitted to the same sites at the next visit of the same user. While browsing the site, the user may receive cookies on his terminal that are sent from different sites or web servers (third-party cookies), on which may be some elements (images, sounds, specific links to pages of other domains, non-exhaustive list) on the site that the same is visiting.

This information is provided *only* for the www.comintercoils.com site and not for other websites that may be consulted by the user through links, for which reference is made to the respective information / policy.

The computer systems and software procedures used to operate the site automatically acquire, during normal operation, some information related to web browsing, the transmission of which is implicit in the use of internet communication protocols. This information is not collected to be associated with identified interested parties, but due to its nature could, through associations and processing with data held by third parties, allow users or surfers to be identified. This category includes the following information (non-exhaustive list):

- IP addresses;
- Domain names of the computers used by users who connect to the site;
- Request time;
- The method used in submitting the request to the web server;
- The size of the file obtained in response;
- The numerical code indicating the status of the response given by the web server;
- Other parameters related to the operating system and the user's computer environment.

These data are used for the only purpose of obtaining anonymous statistical information on the use of the website and to check its correct working.

COOKIE TYPE

Cookies are generally classified as follows:

- Navigation or session cookies, which guarantee the normal navigation and use of the website;
- Functionality cookies, which allow the user to navigate according to a series of selected criteria in order to improve the service rendered to the user;
- Performance cookies, which collect information on the efficiency of the responses of a website to the user's requests in an anonymous form, for the only purpose of improving the functionality of the website;
- Profiling cookies, which allow users to create profiles and are used to send advertising messages in line with the preferences expressed by the user in the context of surfing the net.

COOKIE POLICY

The types of cookies used by www.comintercoils.com are as follows:

Cookie Type	Cookie purpose	Origin
Session and browsing cookies	These cookies are essential for correct navigation and to use the functions of the site. The use of these cookies, which are not permanently stored on the user's device and are automatically deleted when the browser is closed, is strictly limited to the transmission of session identifiers (consisting of random numbers generated by the server) necessary to allow the safe and efficient exploration of the site. These cookie categories can't be deactivated.	Owner's cookie
Functionality cookies	These cookies allow us to remember the choices made (such as the user name, language or geographical location, the identification of the cookie policy), provide improved and personalized features. The information collected by these cookies does not keep track of the browsing activity on other websites. This cookie category can't be deactivated.	Owner's cookie
Analytical or statistical cookies	These cookies are set by Google Analytics and are used to collect information on how visitors use the site, including the number of visitors and the pages visited on the website. The information is used anonymously for statistical purposes. This type of cookie remains on the visitor's computer for about 24 months. Third parties may, with the consent of the user, use these cookies for purposes other than analysis.	Owner's cookie

Google Analytics

These cookies are used to collect information in an anonymous format and analyse some aspects of navigation on our site: the most visited pages, the level of statistical interest in aggregate form in relation to the use of the website visited (non-exhaustive list).
The data generated by Google Analytics are stored by Google as indicated in the information available at the following link:

https://support.google.com/analytics/topic/2919631?hl=it&ref_topic=1008008.

To consult the privacy policy of the company Google Inc., owner of the independent processing of data relating to the Google Analytics service, please refer to the website:
